**Subject: Objection to felling of protected tree: Planning App 2024/5682/T**

**Dear Camden Planning,**

**I wish to object in the strongest possible terms to the felling of the magnolia tree at 26 Bartholomew Villas NW5**

**This tree is a glorious sight in the street - it lifts the spirits, looks beautiful in flower and generally adds to the wellbeing of local residents, and the admiration of passers-by. I live just a few doors down, and frequently notice people stopping to admire it.**

**In addition, I note this is a 'protected' tree. What is the point of having a Protection ruling at all if a tree can be felled at the whim of the owner?**

***Please register my strongest rejection of this application.***

**Yours,**

**Lucie Skeaping**
