2024/5369/T 6 Fitzroy Park London N6 6HP

It would seem from the sketch, that the holm oaks and the oak are in the rear garden, so cannot be seen from Fitzroy Park.

The photos are not labelled and there is no tree report on each tree. We would like to see a photo taken from the road, which is where any works will have most impact on the public amenity.

The works to the Holm Oaks seem rather excessive
