Subject: Planning Application - 2024/5347/T

To: Planning Trees, 5 Pancras Square, London N1C 4AG Ref: 2024/5347/T

Dear Planning Team

I am a resident of Flat 2, 178 Camden Road (the site on which the Tree of Heaven) is planted on. Despite the tree being on our property - I don't think any residents of 178 Camden Road have submitted a response yet - we expect to do so in the coming few days.

I strongly disagree with the planning application submitted by 180 Camden Road to fell the Tree of Heaven - this tree is of similar age to the property, and I am worried that felling of the property will cause grave issues with ground heave and mean that both 176 and 178 (which are the same structure) to have foundation issues.

I strongly disagree with the proposal to fell the tree - and agree with similar responses submitted by my neighbours that felling the tree would cause further subsidence.

Kind regards

Jade
