2024/5410/P	Anne Mullins	02/01/2025 15:04:56	COMMNT	The applicant has listened and responded to the previous comments and concerns in the first application. The house is in need of immediate repair and restoration, and the applicant is wishing implement a sustainable design. Almost all the buildings on the Mews that have redeveloped in recent years have added an additional 3rd floor and balconies, and I don't see why this wouldn't be permissible in this case. I have no objections to this planning application.
