2024/5407/P	April Cameron	03/01/2025 21:30:35	NOBJ	I fully support this planning application & urge that it be approved. The various changes will ensure the future of the cemetery as an asset to the community & as a visitor attraction. The landscape will be greatly enhanced with monuments restored & future proofed. The soft landscape will provide a more robust collection of trees. The trees along with the proposals for the underscores will ensure a more bio rich environment attracting a wider range of birds & invertebrates. The newly proposed buildings fit very well with the existing architecture.....they have been very sensitively designed. The plans for attracting a broader more diverse range of visitors can be more easily achieved with the proposed new facilities. I feel the proposed changes respect the existing character of the cemetery which is valued by so many.
2024/5407/P	John Shepperd	05/01/2025 11:28:56	INT	I am an active volunteer at the Cemetery and a local Highgate resident. The Cemetery is a heritage site of international importance and we are lucky that it is in our neighborhood. But there is a responsibility to ensure that the Cemetery is preserved and nurtured in a constructive way to ensure it will be of benefit to future generations. These detailed plans are well thought out and will help guarantee the Cemetery's future - something which should be a high priority for the Council. Also important in the plans are the provisions for enhancing the engagement with the local community, especially schools so young people can fully appreciate the site's history and its importance as a nature reserve.
2024/5407/P	Nigel Giffin	05/01/2025 20:39:49	SUPPRT	I support the application. The Cemetery is an asset of huge importance to Highgate. As a non-active member of the Friends, I have been hugely impressed by the care, effort, thought and consultation which has gone into the development of these proposals. So far as I can see, they represent a sensitive and well thought-through response to the need to plan for the Cemetery's long-term future. If there is a better alternative, I am not aware of it.
2024/5407/P	Vanessa Brand	04/01/2025 16:12:27	COMMNT	I am a volunteer at the Cemetery and fully support the conservation plans developed by the Friends as detailed in the planning application. The proposals will improve the Cemetery for grave owners and visitors alike and ensure that this vital part of the London landscape is conserved for future generations to enjoy.
