2024/5643/T	Reza Hossaini	05/01/2025 19:30:34	COMMNT	To whom it may concern,

We would like to object to the proposal to fell to the ground of 1 x plum (T1) at the address of 38 Platt's Lane.

The tree is on our side at 36 Platt's Lane. The tree is healthy, cherished, and adds privacy between the boundary of our two properties.

We have no objection to the removal of epicormic stems of 1 x Hazel (T2) next to the boundary provided there is no damage to the main tree itself.

We thank you for your understanding,  
36 Platts Lane
