2024/5410/P	Sarah Nevile	06/01/2025 18:40:53	COMMNT	I have found these plans/diagrams difficult to comprehend but having read the comments of my neighbours, I now have a better understanding of the construction and wish to add that, although I think there have been fair compromises, I am opposed to the increase in height and substance of the rear boundary wall with 12 North Villas, which will imprison me, and I am very concerned about the noise impact of a Air Source Heat Pump.
