

<b>Application No:</b>	<b>Consultees Name:</b>	<b>Received:</b>	<b>Comment:</b>	<b>Response:</b>
2024/5407/P	Highgate Conservation Area Advisory Committee	07/01/2025 19:49:00	COMMNT	Comment on both 2024/5423/L and 2024/5407/P. Highgate CAAC are very grateful for the community engagement which has taken place. A greater variety of planting would be of benefit to all.
2024/5407/P	Catherine Graham-Harrison	07/01/2025 17:42:11	SUPPRT	I fully support this application. The proposals have been thoughtfully developed, with exemplary consultation, with the leadership of Dr Ian Dungavell and are overdue. While some will resent any change from the current state of romantic neglect, these outline proposals show suitable restraint combined with the level of conservation which is needed.  I write as a past Chair of the National Trust's Architectural Panel, charged with advising on appropriate interventions in and around history buildings and as a close neighbour of the cemetery
