

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

24/10/2024

1.2 Planning application reference number

2024/3177/P

1.3 Local planning authority (LPA)

London Borough of Camden

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Main Quadrangle and Wilkins Building

Gower Street

London

WC1E 6BT

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Refurbishment and improvement works, including creation of sloped access to the Slade and Wilkins Building, replacement of roof lights on Slade Building, Installation of canopies and landscaping works in the Main Quadrangle, installation of plant and enclosure on the Wilkins Building roof, waterproofing works to the Chadwick Building basement, cycle parking, disabled parking, and associated works.

2. Developer details

2.1 Applicant name

NEIL TURVEY

2.2 Company name

UCL

2.3 Address

GOWER ST
LONDON
WC1E 6BT

2.4 Email address

n.turvey@ucl.ac.uk

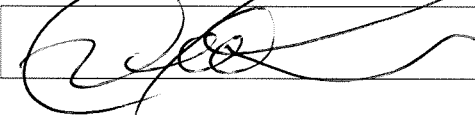

2.5 Telephone number

0208 138 7174

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

2.8 Date

8/1/25.

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Robyn Darnell

3.2 Company name

Tyler Grange

3.3 Address

New City Court,
20 St. Thomas Street,
London, SE1 9RS

[]

3.4 Email address

Robyn.darnell@tylergrange.co.uk

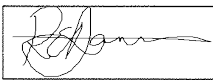

3.5 Telephone number

07356 149 153

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

3.8 Date

08/01/2025

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

Yes

No

4.2 If no, what earlier date did you agree with the LPA?

[]

4.3 How have you met the guidance on 'what counts towards your BNG'?

Find out what you can count towards a development's BNG

Yes

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

No irreplaceable habitats on site. Steps have been taken to ensure the protection and retention of individual trees.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

Yes

No

4.6 How will you achieve the target net gain percentage?

- On-site
- Off-site
- Both

4.7 Are any of your on-site enhancements considered 'significant'?

Find out what counts as a significant on-site enhancement.

- Yes
- No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

Creation of moderate modified grassland in place of poor modified grassland. Retention of small Tulip tree through relocation and inclusion of nine native trees.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

0.35

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

The loss of large mature trees and the small size of the development mean that it is not possible to incorporate more trees within the design. As many trees as possibly feasible have been included within the current design.

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

- Yes
- No

4.13 Have you used the statutory biodiversity metric tool?

- Yes
- No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

17151_BNG_2808

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

Condition assessment within the metric calculation -
17151_BNG_2808

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

Baseline habitat is reported in the EclA and the map
appended- 17151_R01_RD

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

Post-development habitat is reported in the EclA and the
map appended- 17151_R01_RD

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

Yes

No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

Yes

No

5.2 Have you submitted an approved compensation plan?

Yes

No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

09/07/2024

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

No constraints. Survey was undertaken in fair weather and within the optimal survey period.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.65

Number of hedgerow biodiversity units

0

Number of watercourse biodiversity units

n/a

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.57

Number of hedgerow biodiversity units

0.04

Number of watercourse biodiversity units

N/A

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

-0.09

Area habitat biodiversity units % change

-3.23%

Hedgerow biodiversity units

+0.04

Hedgerow biodiversity units % change

100.0%

Watercourse biodiversity units

N/A

Watercourse biodiversity units % change

N/A

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

Yes

No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

We have purchased off-site biodiversity units from Environment Bank to manage the shortfall in units that cannot be delivered onsite.

7.2 Biodiversity gain site register reference number

BGS-040924003

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

Biodiversity Units from Environment Bank secured by conservation covenant with RSK Wilding.

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.69

Number of hedgerow biodiversity units

n/a

Number of watercourse biodiversity units

n/a

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

1.41

Number of hedgerow biodiversity units

n/a

Number of watercourse biodiversity units

n/a

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

0.72

Area habitat biodiversity units % change

105.05%

Hedgerow biodiversity units

n/a

Hedgerow biodiversity units % change

n/a

Watercourse biodiversity units

Watercourse biodiversity units % change

n/a

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

Yes

No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A1

A2

A3

A4

A5

H

W

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).

High

Medium

Low

10. Sharing data (optional)

10.1 Can we share your ecological survey data with the Local Environmental Records Centre or other bodies?

- Yes
- No
