2024/5792/P	meiling shi(coco)	12/01/2025 18:26:15	COMMNT	We support the reconstruction of this church. We have been in this church and it has given us a lot of help, allowing us believers to have someone to rely on, helping us grow physically, mentally and spiritually, giving us help, and requesting that our church be rebuilt. We plead from the bottom of our hearts, and then so many of our believers have faith.
