Description of Existing Use, Building Works or Activity
Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates
in 2016 permission was given by LBC to convert two windows and a door leading to my flat balcony to a single 3 pane bifold door. Upon some routine work done by LBC an officer Carsen Thompson observed that the flat didn't have the records updated within LBC and as such asked me to go through this process. Mr Thompson will gladly confirm this. (Contract Building Surveyor - 0207 974 3876). I had no idea this was the case as all other works completed were updated, hence this is an exercise to correct the mistake in 2016. The bifolds have been in situ since 2016
Grounds for application for a Lawful Development Certificate
 Under what grounds is the certificate being sought ☐ The use began more than 10 years before the date of this application ☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application ☑ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years ☑ The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application. ☐ The use as a single dwelling house began more than four years before the date of this application ☐ Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

Per previous page this is an LBC oversight which can be verified by Mr Carsen Thompson at LBC. In 2016 i made some adjustments within my flat as it hadn't been touched for 15 years so i had to complete new wiring, knocking down a wall, various other cosmetics and lastly changing 2 windows and a door to a single set of bifolds. For some reason the major knocking down a wall was recorded but the bifolds weren't. Upon recent external works by LBC Mr Thompson noticed this and informed me, requesting that i submit this application so we can clear this up.

Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having

considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

It is an important principle of decision-making that the process is open and transparent.
