2024/5469/P - 24 Neal Street: Objection

The BCAAC objects to this application to alter the shop front of 24 Neal Street. It does not enhance the surrounds but detracts from its immediate surroundings. The Crown & Anchor Pub adjacent, with its curved arches, was at least anchored by imitations of sympathetic arches in the existing shop front of No 24. The planned shop front is angular and very modern, more at home in a 20th century shopping mall and is not at all appropriate for this sensitive Conservation Area.
