2024/5777/P	Heather Niman	20/01/2025 12:20:06	COMMNT	I strongly object to this planning application as it now stands because the proposed extension would block nearly all daylight from entering the basement area of the house next door, number 27 Oval Road. I know the house well, I used to take my children to study there with Hilde Holger who lived there and taught dance in her basement studio.
