### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

[Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.](#)

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- Yes  
 No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

[You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons](#)

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

**Reason biodiversity net gain does not apply:**

Development subject to the de minimis exemption (development below the threshold)

**What best describes the size of your site?:**

Under 25 square metres

**Please justify the reason why biodiversity net gain does not apply:**

Works for single flat.

Note: Please read the help text for further information why developments may be exempt or not in scope.

#### Front boundary treatment

It is proposed to replace the existing boarded timber fence at the front of the property with metal railings raised on a brick dwarf wall and brick pillars. Currently, the two halves of this substantial semi-detached pair of houses share the same fence treatment as can be found at No 13, and No 7 as the other half of the pair is not subject of the proposed boundary alterations. There appears as a whole to be a mix of front boundary treatments in Wedderburn Road, with some properties having low red brick walls and others timber fences, and some with hedges. The submission does not contain an historic evidence-based analysis of the original front boundary treatments to Nos 7 and 9, so it is not possible to make an informed assessment of the proposed new wall and railings. However, other than in front of Belsize Court, a mansion block at the junction with Lyndhurst Gardens (a different residential building type warranting a different boundary treatment to the houses), metal railings are not characteristic of the streetscape in Wedderburn Road. To remove the boarded fence will also detract from the uniformity that currently exists at the front of the two properties. Further research is therefore required to justify the removal of the fence and its replacement as currently proposed.

#### Bin store

Drawings plus photographs of examples of bin and bike stores have been submitted. However, they are not specifically tailored to the site other than on the site plan which shows them located directly behind the proposed new boundary treatment. Whilst it is not possible to make a full assessment of their impacts at the current time, it is likely that the location will be acceptable subject to their visibility from the street, which will depend on their height, section (bulk and mass), materiality (timber is likely to be acceptable), and how they sit adjacent to the front boundary treatment.

## Authority Employee/Member

**With respect to the Authority, is the applicant and/or agent one of the following:**

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes  
 No

## Ownership Certificates and Agricultural Land Declaration

### Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 & Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990

Is the applicant the sole owner of **all** the land to which this application relates; **and** has the applicant been the sole owner for more than 21 days?

- Yes  
 No

Can you give appropriate notice to **all** the other owners/agricultural tenants? (Select 'Yes' if there are no other owners/agricultural tenants)

- Yes  
 No

### Certificate Of Ownership - Certificate B

I certify/ The applicant certifies that:

- I have/The applicant has given the requisite notice to everyone else (as listed below) who, on the day 21 days before the date of this application, was the owner\* and/or agricultural tenant\*\* of any part of the land or building to which this application relates; or
