Subject: 2024/4662/P_Museum Street

Dear Mr Fowler

I note the submission by the applicant to vary the existing conditions imposed on this permission and I urge officers to recommend refusal.

It is essential that the conditions regarding the storage of waste etc. and the restrictions on delivery hours are maintained in order to preserve the amenity of the local residents and the character of the area and further to ensure that unreasonable demands are not placed on local services.

Sincerely

James Gowans
