2025/0304/T	Renata Korpak	25/01/2025 13:05:18	OBJ	<p>As a neighbour living just two doors down the road, I object to this cherry being felled, on following grounds:</p> <ol style="list-style-type: none"> 1. We live in a conservation area and mature trees are part and parcel of it. 2. The cherry tree's amenity value – I love walking past it, particularly in spring when it flowers. It is a nice mature tree that has no equal in our street. 3. The tree's contribution to mitigating traffic and noise pollution.

2025/0304/T	C Langdon	25/01/2025 14:05:06	OBJ	<p>I am writing to object to the felling of this valuable tree. It is an amenity much admired by neighbours for its Spring blossoms.</p> <p>I would request that a Camden Tree Officer makes an onsite visit to ascertain if it needs to be felled on safety grounds, and to consider whether there is an alternative option of pollarding and selective pruning to remove any potentially dangerous hanging branches, and reduce the weight of the tree.</p> <p>Finally, I cannot see, (the application is not clearly written,) that there is a commitment to plant a new cherry tree. That should be a minimum condition; if felling has - unfortunately - to be approved.</p>
