

Existing heavily textured 12" square mineral ceiling tile on concealed grid @ nom. 2800 AFL to be repaired with reclaimed tiles and spray painted to achieve uniform tone.

Existing in situ-concrete columns

New perforated metal plank ceiling with bulkheads and other trims @ 2400 AFL - SAS System 330 to match replacement ceilings elsewhere in the building.

#### Notes

Setting out of grids and tiles are not accurately reflected in these plans - they are for scoping and planning purposes only.

These drawings only show areas assumed within scope of the project

## Planning Issue

**A3** sheet size

**Check all dimensions on site and report discrepancies to the designer**
