2025/0370/P	Susan Poole and Richard Tomlinson	31/01/2025 20:13:40	SUPPRT	As near neighbours of 72 Lawn Road, we support this application. Only 2 of the 13 houses along this row of linked 1920s Arts and Craft Style houses do not already have side dormers or front dormers (or both) and no house along this row has ever previously been told that side dormers are not allowed in principle. The proposed side dormer is consistent with the side dormers that have previously been allowed by Camden and built. Indeed it is smaller than many of them. Camden planning policy has not changed since the most recent approval and construction of the larger side dormer at No.75. So it does not make sense why No.72 was previously told by Camden planners that the council now has a principle against side dormers for this row of houses. This application has been thoughtfully designed and should be permitted.
