2024/5792/P	Janet Law	31/01/2025 11:05:55	INT	<p>I am a member of Kings Cross Methodist Church and have been attending services with my family for eight years. I have been fortunate to witness the growth of the church and the ways it serves the community. I consider that the redevelopment of the building is vital to enable the church to better serve both the church and local Camden communities. As a I am the mother with a young kid and have a mum with knee problems, the existing building have severe accessibility issue which cannot be addressed/ rectified without the proposed upgrade; and therefore the proposal is crucial is meet future need.</p> <p>Also with the growing number of Hong Kongers joining the church since 2021, more space is needed to undertake various activities as well as safer environment for young members, this would also allow the church to expand its social reach to the Camden communities, providing a valuable positive contributions to the borough and to the Kings Cross/ Euston area in particular.</p>
2024/5792/P	Chee Fui	01/02/2025 23:09:25	SUPPRT	<p>I was a member of King's Cross Methodist Church from 1996 to 2005. Since then I have moved away from central London and resides in Sutton. I still attend King's Cross Methodist Church regularly on special and festive occasions. The church is playing a pivotal role in serving the community around the area, specifically for students who live in the accommodation above the church. I was once a student in the nearby UCL and greatly benefited from the services offered by the church. The building hasn't been refurbished all these years and started to exhibit issues with the age of the building. I'm particularly pleased to learn this project has been put forward and like to give my full support such that more people will benefit from the many services offer to the community in this very strategic location.</p>

2024/5792/P	H C Kong	01/02/2025 23:30:28	SUPPRT	I have attended King's Cross Methodist Church on different occasions over the years. I have learnt and heard a lot of good stories about the church outreach work serving the local community. It's particularly important to preserve such service in such a strategic location so more people will benefit from them, especially for students to have a place to stay of reasonable price. I like to show my full support for the application to better serve the community and students.
