Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

Ornan Court
2 Ornan Road
London
NW3 4PT

Proposal:

Installation of front entrance gate, re-configuration of front entrance steps, installation of external lighting to the front, replacement front hand rail and replacement front door.
Drawing Nos: 1915 (PL)301 P1

1915 (PL)305 P1, 1915 (PL)310 P2, 1915 (PL)311 P2, 1915 (PL)320 P1, 1915 (PL)321 P1, 1915 (PL)330 P1, 1915 (PL)331 P1,

1915 (PL)360 P4, 1915 (PL)361 P3, 1915 (PL)370 P2, 1915 (PL)371 P4, 1915 (PL)372 P1, 1915 (PL)380 P4, 1915 (PL)381 P2

Cover Letter (04/10/2024)

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of

three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans

1915 (PL)301 P1

1915 (PL)305 P1, 1915 (PL)310 P2, 1915 (PL)311 P2, 1915 (PL)320 P1, 1915 (PL)321 P1, 1915 (PL)330 P1, 1915 (PL)331 P1,

1915 (PL)360 P4, 1915 (PL)361 P3, 1915 (PL)370 P2, 1915 (PL)371 P4, 1915 (PL)372 P1, 1915 (PL)380 P4, 1915 (PL)381 P2

Cover Letter (04/10/2024)

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The scheme proposes minor introductions and alterations to the existing entrance. The new door and handrail will replace the existing ones and are considered sympathetic and similar in design. Following revisions which amended the previous design, the new entrance gate is sympathetically scaled, designed and has a character in line with the Queen Ann style mansion block of Ornan Court. The use of black metalwork in this location is acceptable and falls in line with the character of the building.

The Council does consider whether or not additional entrance gates are necessary and looks to dissuade schemes proposing them. However in this instance, given the gate is the entrance to the mansion block only and does not exceed the height of the existing plinths, the open character of the street would be retained and the gates would not appear overbearing. Further, the gates would have a level of visual permeability and the gates would not unduly restrict views of the mansion block which is elevated above street level.

The proposal would preserve the character and appearance of the conservation area overall. The council has had special regard to the desirability

of preserving the character and appearance of the Conservation Area.

Given the minor scope and scale of the proposed works, it is not considered that they would create any new impacts to neighbouring residential amenity with regards to loss of daylight/sunlight, outlook, or privacy.

Based on the information available this permission will not require the approval of a Biodiversity Gain Plan before development is begun because it is below the de minimis threshold, meaning it does not impact an onsite priority habitat and impacts less than 25sqm of onsite habitat with biodiversity value greater than zero and less than 5 metres in length of linear habitat

The planning history of the site was taken into account when coming to this decision. No objections were received.

As such, the proposal is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2021 and National Planning Policy Framework 2024.

- 2 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 3 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

- 4 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

5 Biodiversity Net Gain (BNG) Informative (1/2):

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 (“1990 Act”) is that planning permission granted in England is subject to the condition (“the biodiversity gain condition”) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The local planning authority (LPA) that would approve any Biodiversity Gain Plan (BGP) (if required) is London Borough of Camden.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These are summarised below, but you should check the legislation yourself and ensure you meet the statutory requirements.

Based on the information provided, this will not require the approval of a BGP before development is begun because - It is below the de minimis threshold (because it does not impact an onsite priority habitat AND impacts less than 25 square metres of onsite habitat with biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat).

++ Summary of transitional arrangements and exemptions for biodiversity gain condition

The following are provided for information and may not apply to this permission:

1. The planning application was made before 12 February 2024.
2. The planning permission is retrospective.
3. The planning permission was granted under section 73 of the Town and Country Planning Act 1990 and the original (parent) planning permission was made or granted before 12 February 2024.
4. The permission is exempt because of one or more of the reasons below:
 - It is not “major development” and the application was made or granted before 2 April 2024, or planning permission is granted under section 73 and the original (parent) permission was made or granted before 2 April 2024.

- It is below the de minimis threshold (because it does not impact an onsite priority habitat AND impacts less than 25 square metres of onsite habitat with biodiversity value greater than zero and less than 5 metres in length of onsite linear habitat).
- The application is a Householder Application.
- It is for development of a “Biodiversity Gain Site”.
- It is Self and Custom Build Development (for no more than 9 dwellings on a site no larger than 0.5 hectares and consists exclusively of dwellings which are Self-Build or Custom Housebuilding).
- It forms part of, or is ancillary to, the high-speed railway transport network (High Speed 2).

6 Biodiversity Net Gain (BNG) Informative (2/2):

+ Irreplaceable habitat:

If the onsite habitat includes Irreplaceable Habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements. In addition to information about minimising adverse impacts on the habitat, the BGP must include information on compensation for any impact on the biodiversity of the irreplaceable habitat. The LPA can only approve a BGP if satisfied that the impact on the irreplaceable habitat is minimised and appropriate arrangements have been made for compensating for any impact which do not include the use of biodiversity credits.

++ The effect of section 73(2D) of the Town and Country Planning Act 1990

If planning permission is granted under section 73, and a BGP was approved in relation to the previous planning permission (“the earlier BGP”), the earlier BGP may be regarded as approved for the purpose of discharging the biodiversity gain condition on this permission. It will be regarded as approved if the conditions attached (and so the permission granted) do not affect both the post-development value of the onsite habitat and any arrangements made to compensate irreplaceable habitat as specified in the earlier BGP.

++ Phased development

In the case of phased development, the BGP will be required to be submitted to and approved by the LPA before development can begin (the overall plan), and before each phase of development can begin (phase plans). The modifications in respect of the biodiversity gain condition in phased development are set out in Part 2 of the Biodiversity Gain (Town and Country

Planning) (Modifications and Amendments) (England) Regulations 2024.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with the National Planning Policy Framework. The council publishes its adopted policies online, along with detailed Camden Planning Guidance. It also provides advice on the website for submitting applications and offers a pre-application advice service.

You can find advice about your rights of appeal at:

<https://www.gov.uk/appeal-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully

A handwritten signature in black ink, appearing to read 'DPope', is written over a light grey rectangular background.
