Details of written scheme of investigation required by Condition 13A and 13B of planning permission ref 2023/4648/P dated 16/10/2024 for Erection of new energy centre incorporating maintenance support accommodation to internal West Road, new substation off Montague Street, all together with associated internal and external works, service runs, erection of plant, landscaping, and temporary works associated with construction following demolition of existing Energy Centre to internal West Road and removal of temporary buildings to the south of the existing energy centre on the internal West Road and to the north and east of the White Wing facing Montague Street.

Recommend Approval of Archaeological Written Scheme of Investigation

Thank you for your consultation received on 22 January 2025.

The Greater London Archaeological Advisory Service (GLAAS) provides archaeological advice in accordance with the National Planning Policy Framework and GLAAS Charter.

Having considered the submitted document (PCA, Oct 24) I confirm it accords with relevant standards and guidance and that it is in compliance with the condition.

The start date when known should be communicated by the archaeological practice to this office. I will conduct monitoring visits on behalf of your office.

The archaeological condition will not be fully satisfied until all works are complete, including any post-excavation assessment/analysis leading to publication.

This response relates solely to archaeological issues.

Yours sincerely

Greer Dewdney
