- Refer to window survey for proposed alterations to existing windows.
- Refer to moulding schedule for proposals relating to architraves, coping, ceiling roses, skirting etc.
- Refer to damp proof report and remedials works for damp proofing works to lower ground floor.
- Refer to services information for details relating to drainage and comfort heating/cooling.
- Refer to arboriculturalist reports for tree works.

Proposed:
Front Elevation

Front door replaced with new, in style to match existing. Existing doorway has been subject to subsidence historically, with poor seal, energy efficiency and poor airtightness.

Side entrance gate replaced with new painted timber unit. Surround to be replaced in brickwork to match house, with arched head to door.

Proposed:
Rear Elevation

Railings refurbished to remove ornate baskets. Railings to be made good and painted.

New timber framed glazing system to rear, in place of existing bi-fold doors.

Vertical detailing to continue from ground floor to lower ground floor.

Existing extension demolished and replaced with new extension. Extension to be rendered around glazing systems. Glazing to be timber-framed arched head units.

- Drainage route
- Denotes extent of demolition/ line of existing
- Denotes area of new wall construction
