For the attention of Neil McDonald

17 October 2002

Dear Sir

FLEX

154 - 160 Arlington Road, London, NW1

**Development proposal:** Demolition of existing building to create 14 residential units

I refer to your letter of 8.10.2002 notifying English Heritage of this planning application affecting a Conservation Area.

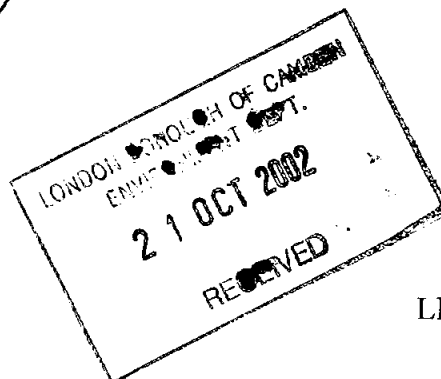

We have considered the application on the basis of the submitted documentation and we can now confirm that English Heritage considers this to be a case which can be determined in accordance with Government guidance in PPG15, development plan policies, and with the benefit of conservation advice available locally. We do not, therefore, wish to make any representations on this occasion.

Where there are material changes to the plans and drawings after we have been notified, we would be grateful if you could draw these changes to the attention of this office.

Yours faithfully

Kevin Murphy
