Subject: Planning application 2024/5501/P: Comments – support

Dear Sir or Madam,

I would like to comment on planning application 2024/5501/P. I understand that comments on the website are now closed. I am a frequent visitor of this central London location, and regularly (remotely) work from this area.

The proposals for the installation of electronic radio equipment are essential for supporting improved connectivity, tourism, and economic growth. The proposals are consistent with local planning policy and guidance, and support the direction of the National Planning Policy Framework as outlined in Matt Warman MP Letter to LPA Chiefs 2021.pdf. In my view listed objections, including those around building and area character in Oxford Street, do not fulfil the criteria set out in guidance and law—and that supporting the application would both be lawful and necessary to achieve prosperity within the borough. I support the application in principle.

Yours faithfully,
James Maxwell
