| Trees and Hadres |
| Trees and Hedges Are there trees or hedges on the proposed development site? ○ Yes ⊙ No |
| And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? Yes |
| ⊗ No |
| If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application. The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'. |

| Biodiversity and Geological Conservation |
| Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site? |
| To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals. |
| a) Protected and priority species |
| ○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No |
| |

| b) Designated sites, important habitats or other biodiversity features |
|---|
| ○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No |
| c) Features of geological conservation importance |
| ○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No |
| Supporting information requirements |
| Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. |
| Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted. |
| Your local planning authority will be able to advise on the content of any assessments that may be required. |

| Biodiversity net gain |
| Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development. |
| Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required. |
| Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in <u>Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)</u>) would apply? |
| ○ Yes② No |
| Biodiversity net gain has been introduced as a general condition for planning permission. As set out in <u>The Environment Act 2021</u> : "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope. |
| If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption). |
| You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons |
| Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one |
| Reason biodiversity net gain does not apply: Development subject to the de minimis exemption (development below the threshold) |
| What best describes the size of your site?: Over 25 square metres |
| Please justify the reason why biodiversity net gain does not apply: Proposals relate to external plant only |
| Note: Please read the help text for further information why developments may be exempt or not in scope. |

| Authority Employee/Member |
| With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member |

Can the site be seen from a public road, public footpath, bridleway or other public land?

(c) related to a member of staff(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having

considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
