Subject: Objection to tree felling REF: 2025/0413/T

Dear sir/ madam,

I am writing to object to the proposed tree felling at 50, Woodsome Rd NW5 1RZ.

The complete removal of the LEYLAND CYPRESS (T2) tree will have a dramatic effect and a very negative impact on the current level of privacy enjoyed by residents who live opposite that address.

It will leave us all very visually exposed to each other and create a severe loss of privacy which will also result in an increased level of ' light pollution ' in the evening times.

A far better alternative would be to have the tree pruned moderately, perhaps every 3-4 years if more daylight is required by the owners or occupants who live at that address.

Any complete removal of this tree will be very detrimental and greatly unwelcome.

Thank you for your consideration in this matter.

Your sincerely
Ben Richardson
