2025/0050/P	D.Greene	13/02/2025 17:42:08	OBJ	<p>One can see that the existing building presents some severe challenges to a change to part domestic use. However the first floor plan proposing 2 flats is a warren of badly lit, corridors, steps and rooms, not at all appropriate for the 21st century, it is almost Dickensian in its lack of amenity.</p> <p>This is a valuable site but it would appear there is little desire to invest any creative energy into its future.</p> <p>This application should be refused until a more imaginative and 'modern' solution be proposed for the repurposing of the entire building.</p>
