2025/0225/P	Christiane Ten-Hoopen	14/02/2025 08:36:49	OBJ	<p>Dear Ben Greene,</p> <p>This application states that it refers to the exterior of the building only. The proposed decorative features such as beams, clocks etc. on the outside are unsightly, deface the elevation of the building and are completely incongruent with the host and surrounding buildings. The proposed alterations are so extraordinary that they amount, effectively, to advertisement and are certainly intended to draw attention to the building. We therefore feel that this development (tearoom, museum, hotel) would clearly detract from the character of the conservation area.</p> <p>On behalf of the BCAAC I register our strong objection to this proposal as submitted.</p> <p>Christiane Ten-Hoopen</p>
