2025/0384/P	Richard Fletcher	15/02/2025 10:27:35	OBJ	As noted and objected by the CAAC, in order to preserve the sensitive Belsize Park Mews within the centre of the Belsize Conservation Area, LB Camden should NOT be approving any single-storey roof extensions in the Mews. We live in Belsize Crescent and residents there have vigorously opposed single-storey roof extensions in Belsize Park Mews. These are mews cottages in Belsize Park Mews and should remain so, if there is to be any meaning for the Conservation Area.
