Hi all,

I thought I'd send this email to try and tie everything together, apologies Grant if this is not the format you wanted.

The MPS originally requested the inclusion of CCTV following a report to Police regarding a sexual assault. We were contacted by another Officer who stated that they made enquiries at the pub and found that there was no CCTV.

We requested the CCTV to help prevent future incidents, but also to assist with any potential investigations. The MPS feel that this is an unfortunate necessity due to certain offences that plague licensed venues. There is a current focus on tackling violence against women and girls in the night time economy, the local council are also in support of anything venues can do, I am happy to reach out to one of our colleagues at the council if you would like an input from them.

If you have any further questions please don't hesitate to contact me.

Kind regards,

PC Dominic Hallam 1908 CN – Camden Licensing Team
