2025/0524/P	Ursula Ross	23/02/2025 11:54:17	INT	<p>I'm writing to oppose the proposed development of the above property as a danger to adjacent housing and a gross overdevelopment of the land which is already closely-packed and in a steep incline.</p> <p>I'm a householder in SHP and had a formal subsidence assessment from a structural engineer before buying. His report was clear that the property, which is in the middle of a 4 house terrace, is sound as long as no other properties nearby were either underpinned or excavated for a basement.</p> <p>Also, the neighbourhood is already densely populated and the houses large. Nearby are a number of opportunities for swimming. The proposed expansion is to the detriment of the whole community with no reasonable justification and I trust it will be rejected.</p>
