### Reliance of Arboricultural Reports at 16 Lyndhurst Gardens, London, NW3 5NR

Dear Henry,

Thank you for the email explaining that you are re-submitting the project at the above address.

I am to believe that there are no material changes to the original application which is due to expire in May 2025. Assuming that there are no material changes to the design or layout then it should be possible to resubmit the previous reports and plans. These are listed below:

AEL-18129-AIA-C – Arboricultural Impact Assessment  
AEL-18129-AMS-B – Arboricultural Method Statement  
AEL-18129-TCNLP-B – Tree Constraints New Layout Plan  
AEL-18129-TCP-B – Tree Constraints Plan  
AEL-18129-TPP-B – Tree Protection Plan

Yours sincerely

Reuben Hayes
