2025/0637/T	Claire Angus	04/03/2025 12:44:16	OBJ	Having read the arboriculturist report and viewing the trees condition first hand, I understand the concern that it may not be safe. Given that the tree is a veteran tree and has a significant presence to the entire street and the Frognal area I would want to see every option investigated to see if the tree can be saved as opposed to felled. I would like to understand if there are any other options and if so, could they be undertaken so as to allow the tree to remain, safely. If the tree must be felled, I would like to see it replaced with a Holm Oak, again, or an evergreen.
2025/0637/T	Stefan Ogden	04/03/2025 14:44:06	COMMNT	<p>Dear Camden Council,</p> <p>As owners of 93 & 93B Frognal, we were rather concerned to learn of the application to fell the ancient Holm Oak adjacent to our property.</p> <p>This historic tree forms part of the curtilage of the listed Bay Tree Cottage and breaks up the outline of Frognal Mansions from the road for residents and visitors alike.</p> <p>We understand the tree may be infected with a fungus but would question whether treatment and trimming would be an alternative to outright felling.</p> <p>Thank you for your consideration of our objection.</p> <p>Kind Regards,</p> <p>Stefan Ogden / Pan Yan</p>
