2024/0993/P	Eleanor Lang	05/03/2025 12:21:47	COMMNT	<p>I am commenting in support of this application. There is a shortage of venues in the West End, so a further performance space would be an asset to the area.</p> <p>In particular there are few spaces that are modern and flexible, allowing for the full range of shows being produced - not least with an audience appetite for more interactive work.</p> <p>The theatre is also fully accessibly for all audience members - which is rare for a West End building, allowing a similar and good audience experience for all.</p> <p>The proposal also is strong because it includes a major producing partner, the world-renown Cirque du Soleil, which ensures a strong start for the venue, while also designing a space that can be used thereafter by others.</p>
