To be read in conjunction with
Tree report by Moore Partners
in line with BS5837:2012

Original is in colour a monochrome
copy should not be relied on.

A topographical survey was not
available for the tree positions within
the site. The trees were measured
using simple triangulation techniques.
Though care is taken discrepancies
can occur and if great accuracy is needed
a topographical survey should be
commissioned.
Dimensions should be verified on site.
