

Existing Glazing & Frame Design

Proposed Glazing & Frame Design

WHYTE & WOOD

Date: 17/02/2025

Client: Elena Vaina
14 Chesterford Gdns
NW3 7DE

Drawing:
Rear Aspect Bay Existing
and Proposed

IGU:
Existing - 4 - 10 - 4 Silver Bar

Proposed - 4 Low E - 16 - 4
Argon Filled

Material:
Existing - Softwood Spruce
or similar

Proposed - Accoya or tropical
hardwood to all external
aspects

Paint:
Existing - Oil based paint

Proposed - Sayerlack water
based paint

For Replacement Windows:

Locks: Locking Fastener
Furniture: Traditional Stay

Seals: Deventer SPV124

Notes: The original frame has
been fitted with modern
double glazed casement
sashes but the entire frame
and casements have
decayed to the point of
becoming non structural. The
proposed is a full
replacement using traditional
joinery design ensuring the
reinstatement of the original
aesthetic
