

Re 2025/0664/P

The plan for a building in the garden for a gym and office is totally unreasonable. The number of trees and shrubs that will have to go, and the prospect of an ugly outlook for neighbours who can now enjoy the garden views, means a loss to many residents on the street. The houses on Lancaster Grove will be equally affected, with little greenery and a ruined view.

Please do not allow this plan.

Kind regards,
