2025/0310/P	Phillips	52 Willow Road London NW3 1TP	14/03/2025 16:14:51	WREP	<p>I would be sorry to see a healthy bay tree 40 years old cut down.</p> <p>It is difficult to see from the plans what the facing of the bin/bike storage would look like.</p> <p>I would object to this planning application if there is CHANGE to the brick wall (which matches the walls of 50 51 52 and 53 Willow Road) and if the bike/bin shed was raised ABOVE the facing brick wall and be seen from the road.</p>
2025/0310/P	Frances Swain	41 Willow Road London NW31TN	15/03/2025 16:14:02	OBJ	<p>I have no objection to the bin storage area as such, provided that it does not project above the front property wall - and this seems to be the case from the plans.</p> <p>However I do object to the changes made to the width of the gate space and the front wall . The existing gap for the gate is 1114mm, the new proposed gap after removal of part of the wall is 1532mm ie 418mm more - significantly wider and this would make an unacceptable change to the appearance of this terrace of properties.</p>
