2025/0852/P	Alice Brown	19 Bassett Street	16/03/2025 08:49:41	OBJ	<p>I object to this planning application. The proposal to squeeze more flats into the existing building envelope will produce inadequate homes, which are not fit for purpose.</p> <p>The developer should go back to the drawing board and design a scheme that produces homes that are conducive to wellbeing for the occupants and for the area as a whole. If the approved scheme is not viable a different approach is needed: medium rise development will be more affordable to build, reduce risk to the developer and provide better quality homes.</p> <p>This proposal contravenes planning policy and should be refused.</p>
2025/0852/P	Elaine Chambers	31 Winchester Rd London NW3 3NR	14/03/2025 14:04:32	JUST	<p>It is an indisputable and obvious fact that The Winch is being used by global marketeers enabled by Regal (carried over from E.L.) as a moral cover in order to whitewash a housing grab by International Investors. Camden and The Winch are complicit with this deal for obvious financial gain. This build and its planned sale of dwellings in the Tower will do nothing for this country's or Camden's housing shortage that besets its resident people and their communities. The Labour Party owe the public an explanation for their duplicity here.</p> <p>Regal has not shown the necessary details of measurements for the 'affordable' dwellings in order to make any claims on numbers of dwellings that will comply with the London Plan on space and storage.</p>
