NOTES

New window and glazing to match existing to clause L10/250

Provide and fix ironmongery to each window as follows -  
Solid English polished brass casement stays and fasteners with option for sliding casement stays.

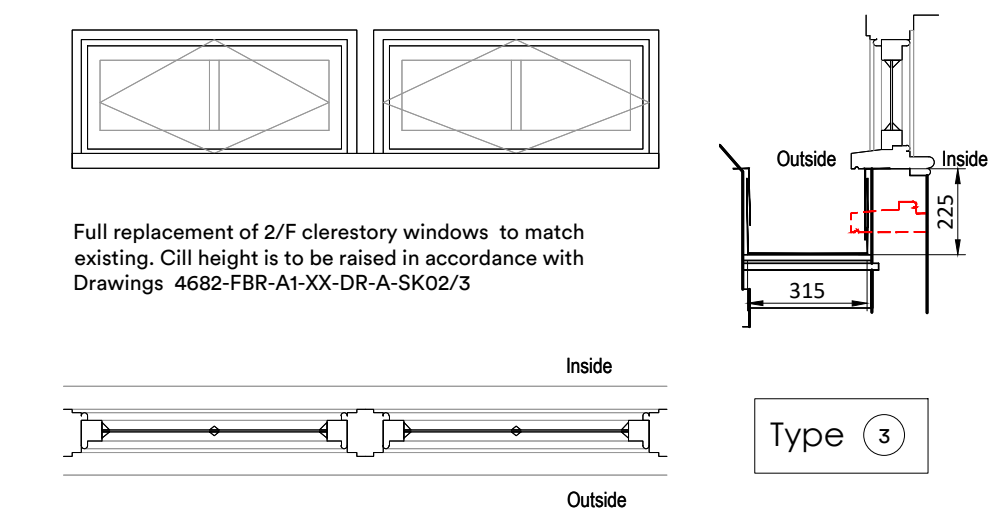

Form new raised upstands as indicated in treated timber studwork to clause G20/270, clad externally with WBP plywood to clause G20/311. Finish internally with new plasterboard partition and access panels to clause K10.

Take up and clear away adjoining leadwork as required to allow works to be undertaken. As required provide new lead covering to clause H71/110 to match existing, dressed and secured to new upstand by minimum 200mm. Provide new tilting fillet to clause G20/270.

All dimensions are TBC subject to site opening up works

Refer to drawings : SK01, SK02 and SK03

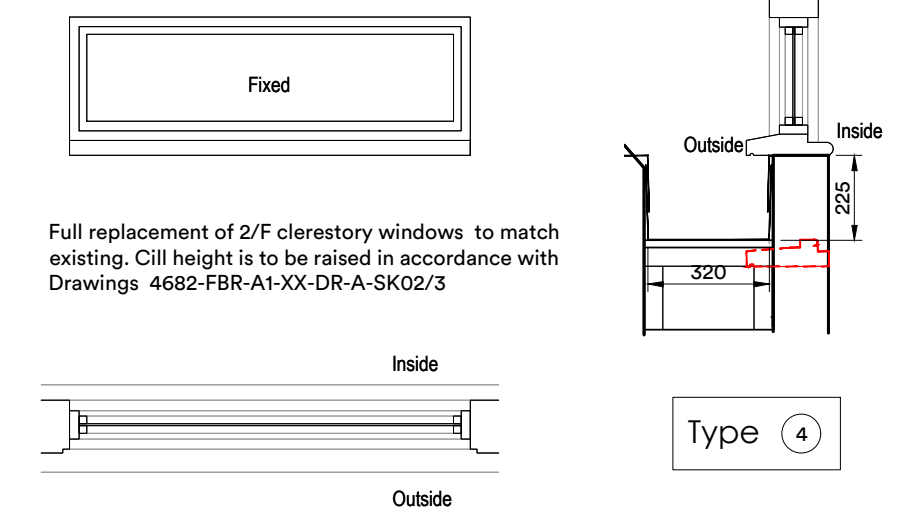

Provisionally: All windows to receive new draught sealing details to clause L10 subject to contractors design
