Luna Triple 32x140

Tongue & groove cladding profile

All faces planed

Lunawood Thermowood

NOTES:

Shown measurements have been rounded up. The sizes are subject to change in response to changes in moisture levels. Cladding will be kiln-dried to approx. 6-8% prior to machining, but may vary between production and installation on site. Cladding will be dispatched at given sizes, but a margin of error should be used when producing cladding layout drawings for expansion and contraction in the timber.

Standard width: 140mm
Standard thickness: 32mm

Date:
05/07/2022

Scale:
1:1

Print size:
A4
