

REDINGTON FROGNAL
NEIGHBOURHOOD FORUM

24 March 2025

Dear Mr. Baxter,

2025/0639/L UCS masonry work - support

The Neighbourhood Forum has studied the external masonry repair works proposed at University College School. It is noted that the project has been discussed with Camden's Conservation officers and English Heritage and that the work is to be undertaken by Adriel Consultancy under the guidance of masonry specialist, Nicola Ashurst.

It is further noted that Jonathan Cerowski, whose practice is overseeing the repairs, is a Specialist Conservation Architect, both RIBA and Architects Accredited in Building Conservation accredited, a member of Chichester Diocesan Advisory Committee (advising the Church of England on works to its buildings), and a Specialist Advisor to the National Trust.

Redington Frogmal is therefore pleased to express its support, as well as being very appreciative of the care and attention that UCS devotes to these listed premises.

Yours sincerely,

Secretary
