2025/0859/P	Steven Charkin	Silverdale, Vale of Health Vale of Health NW3 1AN NW3 1AN	25/03/2025 21:08:24	OBJ	<p>We are the owners of the top floor flat at 9 Lymington Road which adjoins the applicants property. We would like to object to the proposed application on the following grounds:</p> <p>We feel that the size of the proposed extension is disproportionately large for the size and character of the existing building and not in keeping with a conservation area.</p> <p>There is extensive use of skylights in the proposed extension which will lead to light pollution at night in our property and increased noise pollution at night and during the day compared to the existing building. We will be able to see in to the proposed extension and will ourselves be seen from below when looking out of our windows.</p> <p>There will also be a considerable negative impact on daylight and outlook on the ground floor flat in our building and the garden of our building.</p>
