2025/0912/P	Jo Johnson	26 Mornington Crescent NW17RE NW17RE	25/03/2025 12:06:16	WREP	I am a resident at 26 Mornington Crescent. I do not object to the application, but I would ask Camden Council to attach a condition to any approval. This condition would require Greater London House to a) enforce delivery times at the site, as these are taking place often in the very early hours of the morning, rather than after 8am, and b) to remove the unsightly blue shipping containers at the rear of the building, which have become a semi-permanent feature of the street, detracting from the listed buildings that look straight onto them.
