Dear Sir

I write as a resident in Somali Road to object to the proposed application, which seems to have been made somewhat controversially.

I want to object in that the proposed development will be detrimental in term of the current area interest in biodiversity (we have hedgehogs in the neighbourhood again) as well as a serious reduction of open spaces. In addition it seems from the description that the architectural details will be destroyed and the character of the area will be affected both in terms of the architecture and character of the area as well as to the character of the neighbourhood, as one of our councillors has pointe out.

Finally besides destroying and reducing the green areas of the neighbourhood, there is no mention of this being a development that will provide any form of affordable housing and will benefit the general community at large.

C & A Fishman,  
18 Somali Road
