2024/2127/P	CRASH	45, Compayne Gardens	28/03/2025 11:35:23	OBJ	<p>This application is confusing.</p> <p>The application and parts of the D&A statement say uPVC units will replace the existing timber singled glazed windows and door but other parts of the D&A statement and the drawings (proposed) show they will be replaced with timber. While it sits outside a conservation area use of uPVC windows should be objected to and timber used. I think these houses date back to 19th century and were constructed by Mr Blackburn who developed the road so it would be good to try and retain some visual age of the building through use of timber.</p>
