2025/0843/P	me S Johnstone	14A Stukeley st  WC2B 5LQ WC2B 5LQ	31/03/2025 07:40:44	APP	<p>We are objecting to the application to use Stukeley st for the use of tables and chairs. This part of the street is an actual Mews, which is used only by 7 residents and International house College.</p> <p>We have had numerous talks in regarding of people hanging around waiting to enter or leave the mews. Smoking is a major issuer as the smoke seeps into the residential building. If there is a license permitted, the walkway is extremely narrow, and we have bin collections. Deliveries and disabled pick up and drop off.</p> <p>There are numerous disabled people whom live here, and the noise would be a major issue, especially in the evening.</p> <p>I hope you would kindly consider these objections as there is plenty of space in Drury Lane foer the business purpose.</p> <p>Kind regards</p>
2025/0843/P	Mark Rendell	International House London 16.5 Stukeley Street London WC2B 5LQ	28/03/2025 13:20:38	INT	<p>My comments are in relation to the Stukeley Street side of the building. I represent the language school opposite. I note that there is a door onto the passage. I would like to see a restriction placed on the cafe against the use of any outside tables or chairs. There is quite a heavy footfall to the school and it is an important access route for the emergency services and should not be obstructed. If customers use this entrance it should be clear that they cannot smoke in this area as it is close to the entrance of the school and flats. I'm also concerned that there may be extra demand on the bicycle storage area. Perhaps this facility could be extended by the Council. Finally, I am a little concerned that the plant on the room may be smelly and also noisy which could disturb lessons in the school and would seek reassurance on this point.</p>
