2025/1301/P	Susanne Griffin	50 Marquis Road Camden London NW1 9UB	29/03/2025 19:04:05	OBJ	Not a good idea to have a padel board paying court instead of a free kid's sandpit and family picnic area. Why do the Council think that this is a good idea?
2025/1301/P	Vanessa Hubbard	109A Gaisford St NW5 2EG	29/03/2025 12:37:04	COMMNT	<p>I wish to formally object to the above planning application on the following grounds:</p> <p>Loss of a Well-Used Community Facility: The proposed development would result in the removal of an established and well-used sandpit, which has long been a valuable recreational space for families and children. Unlike the proposed padel court, the sandpit is freely accessible to the entire community and encourages inclusive, unstructured play.</p> <p>Prioritisation of a Commercial Enterprise Over Community Needs: The introduction of a padel court is clearly a money-making venture, catering to a limited number of paying users, rather than an inclusive public amenity. Padel is a niche sport with an uncertain long-term future, while the sandpit has been a consistently popular and well-used facility for years.</p> <p>Unsuitability of the Development in a Small, Already Busy Area: The existing space is already small and heavily used, especially in good weather. Removing a free community resource to install a court that benefits only a select few will further restrict space for general public use.</p> <p>The proposed floodlighting may create light pollution, affecting nearby residents.</p> <p>The construction of an all-weather court will fundamentally alter the character of the space, making it less welcoming to non-paying visitors.</p> <p>The project lacks clear justification as to why this location is appropriate for a commercial sports facility at the expense of existing public amenities.</p> <p>For these reasons, I strongly urge the council to reject this application in favour of preserving a space that truly serves the wider community.</p>

Instead of putting ridiculously ludicrous. That no actually plays. Waste of money</p>

2025/1301/P	Camilla Wilkinson	St Augustine's Rd London NW1 9TR	29/03/2025 21:43:06	COMMNT	This is the wrong location for a pandel court. The picnic benches and sand pit are well used by the local communities that dont have gardens. You will have to remove a tree which is ridiculous given the drive to reduce carbon. The construction of the court will be very carbon intensive and only a limited number of wealthy people will be able to play. Better to create multisports on the existing hard-core courts such as badminton and cheap and cheerful pickleball courts.
