**Subject:** 100 Avenue Road

From Jane Johnson

27 Adamson Rd.

I object to the hideous cladding, which was supposed to be pale and blend into the sky and surrounding buildings, to the many extra units added to the original number, necessitating extra stories, to the serious questions over waste and the access of service vehicles which will be blocking our roads, to the extra parking spaces needed which are already in short supply and will crowd us out, to the question of how many social housing units there will be to which there is no clear answer at present.

I don't want this hideous, overlarge monstrosity at all, but all the changes to the original plans make it worse and I object to them strenuously.

Please take note of my complaint.

I have lived here 30 years.

Faithfully

Jane Johnson
