Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one		
Reason biodiversity net gain does not apply:		
Self-build and custom build development		
Are you building more than nine houses?:  No  Is the total size over 0.5 hectares?:  No  Do all buildings meet the definition of self-build or custom housebuilding as set out in section 1(A1) of the Self-build and Custom Housebuilding Act 2015?:  Yes		
		Does your Local Planning Authority require applicants for self-build and custom-build development to evidence their eligibility?:  No
		Please justify the reason why biodiversity net gain does not apply:  All works are above ground and don't impact biodiversity.
Note: Please read the help text for further information why developments may be exempt or not in scope.
